

**Noha**<sup>®</sup>  
the invisible handle

## to **MAKE** it all perfect –ACCESORIES

The No-ha collection integrates handles into your projects. To make your project look perfect we optionally offer cover plates, privacy knobs and even milling tools to facilitate the installation work.

### TOOLS

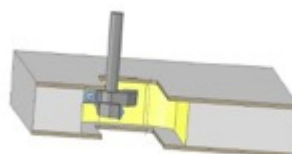

**BENZOVILLE**  
BY UNIQUE INNOVATIONS

### for **EASY**installation –milling tool

The milling tool is used to do the milling inside the panel. The 3 available models have the same purpose but differ in the number of knives or axe diameter to fit in your machine.
